

Blessed Sacrament Church Campaign and Repair Update

March 2017

We have reached our \$4,000,000 goal! Since the formal Campaign to solicit funds for the church's repair ended in January, about thirty more donors have come forward, bringing the new pledge total up about \$180,000 to \$4,060,561. Because most gifts have been pledged over the next five years, the Parish Finance Council is working to ensure that the Parish will maintain proper cash flow to fund the repair work every step of the way. With the scaffolding almost complete, the restoration work should begin by the last week of March.

Thanks to all who are striving to honor their commitment to this necessary project, and if you are interested in helping, please contact the Rectory for more details.
